## TROUBLE SHOOTING

- If you have any problems or concerns, please call your local Diamond Event Party Location.

## OPERATION INSTRUCTIONS

1. Make sure the ball hitch latch is down and secure before towing.
2. Open the main cylinder valve and allow 2-5 minutes for the propane to fill the fuel lines.
3. Hold a lit butane gun next to a burner and turn the control knob to OPEN. The burner will ignite immediately.
4. The second burner in each section will instantly light by simply turning it on.
5. Repeat on the opposite side if desired.
6. Adjust control to the desired temperature.

## CLEAN-UP

1. When finished, close all knobs.
2. Close the tank's main cylinder valve.
3. Disconnect propane tank.
4. Remove all food / pans / storage supplies.
5. Clean grill with soapy water & grill brush. A car wash can be helpful.
